Space Saver Wall Shelves & 6" Carbonator Stand

McCann's produces handy space-saver wall-mount carbonator and water booster shelves. These easy to assemble and sturdy stainless steel units are shipped "in the flat" saving valuable warehouse and shipping space and shipping dollars.

We also offer a 6" stand for use in applications where a carbonator must be removed from the floor to permit cleaning for health code and sanitary reasons.

If we are unable to meet your needs with stock configurations shown below, contact McCann's with your own custom application requirements.

Carbonator Shelf: Number 16-1480
14 5/8" Long x 13 1/8" Deep x 10 1/4" Tall
Booster Shelf: Number 16-1451
19 1/4" Long x 16" Deep x 14" Tall

6" Carbonator Stand:
Number 16-1459
14 1/4" x 9 1/2" deep x 6" Tall
